

EXPERIENCE

Emmy Award winner, editor and composer with over twenty years experience. Practice in the field as producer and cameraman provides the understanding necessary to operate independently. Known for brining a unique editorial style to fit the personality of any job, as well as "saving situations" on difficult projects.

Creative approach to editing includes:

- music scoring and use of Takal's Magnetic Music library containing over 1000 original cues
- excellent command of story telling and critical skills
- extensive background in sound design
- original graphics
